Dear Dr. Ponech,

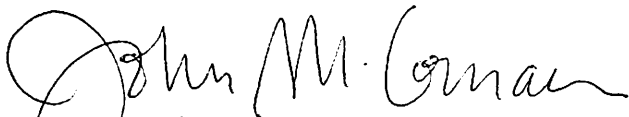

As you know, the AAA Executive Board met in late October. On their agenda was the proposal for the Anthropology of Religion Interest Group, which was approved unanimously. Let me offer congratulations and welcome your group to the American Anthropological Association.

Enclosed is a copy of the Policy and Procedure for Interest Groups. It contains all of the benefits the Anthropology of Religion Interest Group receives as a part of the AAA.

Please do not hesitate to call the AAA offices if you have questions regarding any aspect of the Interest Group. The AAA staff looks forward to working with you and the Anthropology of Religion Interest Group in the future.

With best wishes.

Sincerely,

John M. Cornman
Executive Director
